### Annual Student Art Exhibition Event—Saturday 5 November 2011

The annual Student Art Event is my personal highlight of the year!

This is an event where all the Students at Impro-Art Studio can meet. At last we can meet friends and family!

A close knitted group of art enthusiast at one occasion!

We had the honor to welcome my father, well-known SA artist and art teacher, Pieter Millard.

*"I have seen many art works at exhibitions before, including those at Art Schools, but the standard of this students are of extremely high quality."* - Pieter's comment whilst assessing the art works.

Pieter critiqued the art work on various aspects such as linear perspective, color perspective,

drawing and overall composition and technique.

Prices and certificates were handed out to 1st price winners in various categories.

After the scrumptious breakfast and meeting all, Pieter demonstrated a harbor scene with linear perspectives and focused on colour and combina-

tion of various perspectives from colour to linear to form.

Thank you!

My sincere thanks and gratitude to all the Students for your support, trust and friend-

ship during this year.

You are truly the best! I appreciate you and look forward to a great 2012!

May you and your family experience the joy of this Festive season! May peace and abundance follow you into 2012.

Enjoy your holiday and the Festive season!

With much love,  
Ina
